LYPFT Involvement Opportunity: Coproduction of Crisis Plans

We are looking for people who have used mental health services and carers to contribute to improving the quality of crisis plans. We want to form a group to lead this work; the aim of the group is:

- To agree what 'co-production' means
- To agree what 'accessible' means
- Understand what the current crisis plans are like
- To agree what 'good' looks like
- Develop a plan for improvement

The group will be jointly led by service users and will meet monthly to start with. The group will decide its terms of reference.

If you are interested and want to find out more, please come along to:
